

Want to spend more time at the All-Star game and related festivities - and less time in construction zones? Of course you do. That's why the Michigan Department of Transportation (MDOT) has teamed up with the Detroit Tigers and Major League Baseball to create “**Your Line Drive to the All-Star Game**” campaign. Sure to be a hit, this easy-to-use Internet map can help you avoid active work zones on your way to Comerica Park and other All-Star game activities.

However, if you do encounter a construction zone, please protect Michigan families by slowing down in our work zones and abiding by posted speed limits. Together, we can make this the safest construction season on record.
